The Climate Webinar series shifts the focus to how to move resolutely and fiercely toward a resolution of the core issues. Each month the webinar will be followed by interactive conversations that provide an opportunity to share personal responses and learn specific actions that can help mitigate the growing climate emergency.

Register separately for the webinars and conversations, as your schedule permits. Participation in previous webinars and conversations is not required.

“The earth, lovingly created as an environment for life to flourish, shudders in distress because creation’s natural and living systems are becoming exhausted from carrying the burden of human greed and conflict. Humankind must awaken from its illusion of independence and unrestrained consumption without lasting consequences.”
—Doctrine & Covenants 163:4b

Sponsored by GPNWMC Mission Center, led by the North American Climate Justice Team
